

Comparison of the density and volumetric electric
density of protons and neutrons by time segments. Table 12

#	Description	Present	Past	Future
1	The density of the proton and neutron are equal	False	True	False
2	The bulk density of electric charge of the proton and neutron are equal	False	True	True
3	The density of the proton ² and neutron ² are equal	False	False	True
4	The bulk density of electric charge of the proton ² and neutron ² are equal	False	False	True
